# NOTARY NODE OPERATOR CANDIDATURE

Independent application for 2 Komodo Notary Nodes.

I believe in the need to provide the best possible network nodes – with the most optimal possible infrastructure and connection – **close to the world's internet hotspots** and in **exclusive locations** to increase dPoW decentralization!
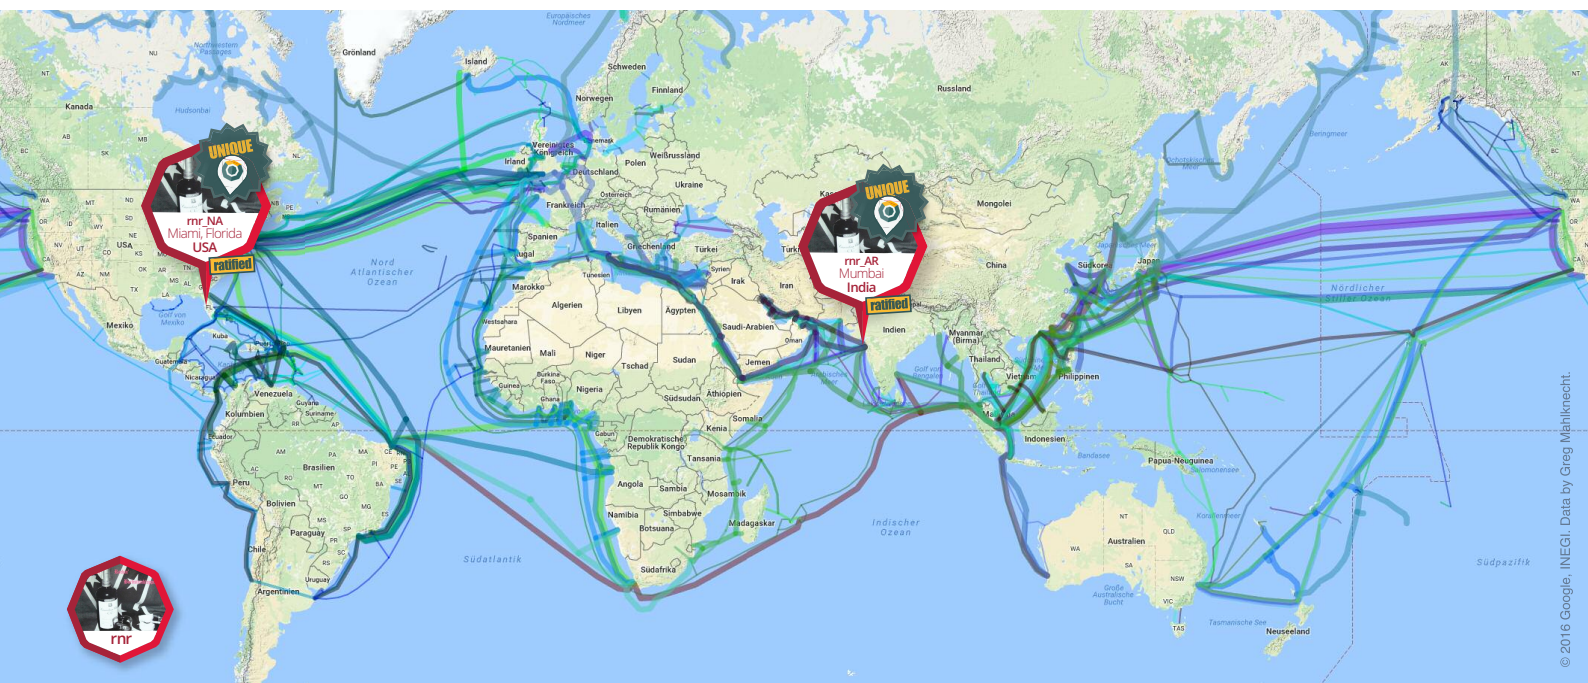

### jl777:

> " *A notary node will need to run all the assetchains and DEX orderbook, also processing price feeds, RNG beacon and poker deck shuffling.*"
